

Imagine the possibilities for your child if he is able to read Enid Blyton by the age of 8 and understand Shakespeare by 11 years old? This can happen if your child enrolls in ATCEN Learning Centre (ALC) English Mastery Course.

ALC English Mastery Course for Primary level focuses on getting young learners to enjoy communicating in English and takes a highly integrated approach to developing grammar, vocabulary and their communication skills. We believe in providing our students all the basic grammar and communicative activities to ensure their strong and successful start in English.

Focusing on the children language proficiency, they are systematically guided to achieve their full language mastery.

English Mastery Course-Primary

PRIMARY (For Standard 1 - 6)	Term 1 (2 hours per week for 12 Weeks)	Term 2 (2 hours per week for 12 Weeks)
Essential	Essential 1	Essential 2
Effective	Effective 1	Effective 2
Advanced	Advanced 1	Advanced 2

Note

A placement test (oral and written) will be administered to determine the English proficiency level.

Fee includes Student's Book and Workbook and relevant materials for each term.

Certificate will be awarded upon successful completion of each level

A one-time registration fee applies.

The Learning Session:

Each ALC English Mastery is packed with opportunities to learn English through songs and chants, stickers, games, stories, hands-on-projects, and Total Physical Response (TPR) activities. Your child will have lots of fun and be motivated to learn from the lessons conducted all the time.

With trained and qualified English Trainers, your child will learn to improve their English through the systematic integration of vocabulary, grammar and good English communication skills in one complete course.

The Learning Outcomes for Students:

1. Able to share and express their personal experiences, ideas and opinions in English.
2. Develop all four essential communications skills – listening, speaking, reading and writing,
3. Learn vocabulary that is appropriate to the developmental age of the child.
4. Increase awareness and use of learning strategies and critical thinking skills are fostered through appropriate activities.
5. Learn more about the world around them through conceptually appropriate information from a variety fields such as science, music, mathematics, art and literature.

Why Maths Mastery @ ALC?

1. While mastery of English is our objective, wholesome personality development remains our top priority.
2. Personalized teaching – our class size is small (an average of 16 students) and each student matters to us.
3. Classes taught by experienced English experts.
4. Our English experts believe in fun learning and we are passionate about it.
5. Regular feedback on students' progress and dialogues session with parents.
6. Learning resources are carefully chosen and they focus on getting students to enjoy communicating in English and take a highly integrated approach to developing grammar, vocabulary and all four language skills.
