The Learning Session:

All students want to succeed and we want to create great lessons so that they can do so! Using real life scenarios and current happenings as a case study for learning English, students will enjoy every minute of their highly interactive session. The lessons are systematically developed with careful monitoring of the student language progression and extensive skills coverage.

With trained and qualified English Trainers, each student will learn to improve their English through the systematic integration of vocabulary, grammar and good English communication skills in one complete course.

The Learning Outcomes for Students:

1. Be highly motivated to learn more about the world around them, thanks to the inspiring and up-to-date topics and "Culture Shocks".
2. Develop high confidence in their use of English with activities that help them understand (Work It Out) and internalize grammar rules (Check It Out) and avoid common mistakes (Mind the Trap).
3. Become communicatively competent for the outside world and future careers with a syllabus that focuses on communication in real-world contexts (Speak Out).
4. Well-prepared for school-leaving exams by a clear-cut syllabus supported by exam practice and exam strategies.
5. Will have a real sense of progress, whatever their level of ability, thanks to the graded programme and regular opportunities for evaluation and self-evaluation.
